RECESS MOUNT DOOR LOOPS

10312 Lead Cover.

The concealed cable transition enables supply cables to be fed from the door frame to the door leaf safely and securely. Due to its concealed fitting in the door rebate, the supply cable is not accessible when the door is closed and is thus secure against tampering.

- Lenght: 330mm
- Width: 25mm
- Depth: 17mm
- Max. cable diameter: 7mm
